SUMMARY

Frontend developer focused on fast, clean, user-friendly web apps. Co-founder and frontend lead at LibMate, an AI-powered book translation platform — shipping production UI with React and modern deployment pipelines. Strong eye for design, interaction polish, and maintainable code.

EXPERIENCE

Frontend Developer

Tadbir Kish Vira · Dec 2025 – Present

- Working as a frontend developer building and maintaining web interfaces with modern frontend tools.

Co-founder & Frontend Lead

LibMate · 2024 – Present

libmate.ir

- Built the full frontend for an AI-powered book translation platform — clean UI, responsive layouts, and polished motion (anime.js, Swiper).
- Owned production delivery with Docker and GitHub Actions for reliable, automated builds and deploys.
- Shipped client-side state, API integration (Axios), and a maintainable component architecture with React, MUI, and Emotion.

SELECTED PROJECTS

Luxetick (Watch Shop)

React · MUI · Emotion · React Router

[Live demo](#) · [GitHub](#)

- E-commerce experience for luxury watches with a focus on UX, responsive layout, and smooth navigation.

Cryptopia

React · Vite · Axios · React Router

[Live demo](#) · [GitHub](#)

- Live crypto tracker for the top 30 coins with real-time pricing UI, responsive design, and GitHub Pages deployment.
